

FOUNDATION FOR CSR @ REDINGTON

Greetings from Redington Foundation!

We, Redington Foundation, are a trust instituted by Redington (India) Limited for undertaking Corporate Social Responsibility (CSR) activities under Companies Act 2013.

We strongly believe that the future of our society depends on the younger generation. Their development starts right from basic education. Poverty, the predominant factor, is still a bottle neck for the young generation in pursuing their studies.

Redington rolled out a programme 'CATALYST' for the upliftment of the impoverished clan. The main motive of this program is to eradicate the poverty as a hindrance to pursue education. Under the said programme, we have come up with an award 'SAHYOG' to financially aid potential and economically challenged students to complete their education and to the teachers who have added value to their profession.

The basis of selection of students and teachers for this award would be in accordance with the terms and conditions as specified herein. Trust will be the final deciding authority.

We request you to nominate your students and teachers for the "SAHYOG" Award.

The details of the award is given below:
