A GLIMPSE OF OUR CSR ACTIVITIES

REDINGTON
FOUNDATION

1st
First of Firsts

Smart Learning Center - Guindy

Our first smart learning center at Guindy was started on 29th June, 2015, with 23 students, equipped with state-of-the-art training infrastructure. Since then 200 college students have been trained in this center in 4 batches.

Employee -

Ms. Anuradha Sriram, first employee, comes with a bouquet of talents, a musician by passion, a teacher by profession, social worker at heart, we are lucky to have Ms. Anuradha our first employee.

MS. ANURADHA, WE

Student - Ms Divya Bharthi

Divya was the first student of the smart learning center at Guindy. Coming from an economically challenged family, with her hardwork and dedication she is climbing success. Divya currently works with Reliance Insurance.

We proud of you Diya ☺.

Associate - Gandhigram Trust

WE ARE THANKFUL TO GANDHIGRAM TRUST FOR GIVING US THIS OPPORTUNITY

We are proud to be associated with Gandhigram trust, the trust tirelessly works in areas of health, education, social welfare, knowledge development and employment generation. we are actively involved in projects supporting health care, women empowerment, skills development etc.

School - Sitaram School, West Mambalam and Kovilpillai Memorial School - Ramapuram

The Schools mentioned above were badly affected during the Chennai floods 2015. our own Redington employees had a deep desire to be of help to these schools and approached the Foundation after which we provided the necessary recuperating assistance. our association continues to bring out the excellence in student community.

- Ms. Anuradha Sriram

WISH YOU A GREAT CAREER AHEAD.

Project - READ

Redington Employability Academy for Development (READ) - this program aim to equip graduates from lower socio-economic groups for various types of industries through structured training, including business communication, personality development and activity based learning modules. more than 5000 students have benefited from this project across Tamil Nadu through our centers.

READ

College - Chellamal Womens College

Ms. Radhika of Chellamal College is a great inspiration for us, she opened the doors for us into the first college we associated with for the READ program. Today more than 150 students have benefited from our READ program and are well placed.

WE THANK THE PRINCIPAL MS. VIJAYALAKSHMI AND THE MANAGEMENT FOR GIVING US THE OPPORTUNITY.

WE ARE EXTREMELY GREATFUL TO THE PRINCIPAL AND MANAGEMENT OF BOTH THE SCHOOLS.

FOUNDATION

FOUNDATION'S PROJECTS EMPOWERING RURAL EDUCATION

REDINGTON EMPLOYABILITY ACADEMY FOR DEVELOPMENT (READ)

This project aims to equip graduates from the lower socio-economic groups with structured holistic training programs so as to improve their chances of becoming employable in a competitive environment.

Training agencies with requisite expertise are engaged to impart employability training skills. We have our own smart learning centers where such training is imparted.

The training is interactive and includes English communication, interpersonal skills, business etiquette, computer training, interview techniques, public speaking, personality development, resume writing, goal setting.

REACH

This is an extension of the READ program to include differently abled children. The aim is to make these children self-sufficient so they can take care of themselves and also enable them to become employable.

With the help of specialist teachers and support staff we partner with various institutions for the differently abled in teaching them sign language, providing special laptops and tablets as well as providing vocational training.

The program is structured in partnership V-Sesh, V-Excel, RASA foundation, Amar Seva Sangam and Amarjyoti

RURAL SCIENCE PROGRAM

Our rural science program, focuses on intensive, job-oriented live hands-on training for the students to enable them to be picked up by IT companies.

Highlight of the Course:

- On site & Online Training Program with regular assignments
- Well Equipped Classroom set up
- Well Trained Faculty
- Get a chance to work on real time projects
- After completion of course, more chances to get employed or to set up your own joint venture model
- Separate Hostel Facility Available for Boys & Girls

PROJECT EXCELLENCE

This project aims to bridge the digital divide to enable the students across the country to have access to quality education while empowering teacher with proven skills, know how & techniques including for differential teaching methods to address the needs of the students coming from varied socio economic backgrounds.

Under Project Excellence we enter into a Memorandum Of Understanding with educational institutions for setting up smart classes, providing material and monetary support

The Foundation has tied up with industry leaders as Knowledge Partners to co-create an ecosystem which brings out the improvised and holistic performance in students.

SAHYOG AWARDS

- The Foundation has come up with an award called SAHYOG to financially support economically challenged students to complete their education and also facilitate the teachers with financial support in pursuing further education.

- We also honour outstanding and innovative teachers by recognizing them with the 'Sahyog Award' for their exemplary services

HR CONCLAVE & RAMP CENTER

- Through our Read program we have enabled students in various aspects of Employability Skills Training, however the ROCE - Return On Capital Employed can be measured only when these students are successfully placed.

- Therefore, Foundation is now stepping into carving out a path for the trained students to find the right job, at the right location for the right candidate, where by the students can constructively contribute to the organization he/she is working for.

- The foundation has initiated in bringing together various corporate highlighting the strengths of the students in various location through our HR conclave, where by they will be able to select students matching their job requirements.

- The Foundation has also initiated The "Redington Hot Spot" centres under their "Redington Accredited Manning Program" (RAMP) in which Advanced Learning will be conducted for Professional Development and Entrepreneurship for those youth who have compulsion to come out their location and/or those who has potential to be self-employed.

I was surprised and glad that I had a lot of students who were interested in the course. Also, the room there is full of a great job.

- Ms. Kusum Bhandari during her visit to RGS Foundation, Chennai.
